CRAFT DAY AT THE MONTHLY MEETING

Our ladies displayed extraordinary hand skills and magic at the tips of their fingers. Pam showed us how to make pincushions, while Kamini demonstrated the method of making paper flowers and Mandy showed us how to make paper plates in simple steps. Stella stole the show with her knitting skills. With a display of brightly colored yarn and knitting needles of all sizes she taught us how to knit little mice, patchwork blankets and caps and booties for babies. On the whole it was a morning to acquire knowledge or practice long forgotten skills with a cup of hot tea and delicious snacks.

Now here's a man who understands women.....

William Golding
British Novelist, Playwright & Poet
1911 --1993

I think women are foolish to pretend they are equal to men. They are far superior and always have been. Whatever you give a woman, she will make greater. If you give her sperm, she will give you a baby. If you give her a house, she will give you a home. If you give her groceries, she will give you a meal. If you give her a smile, she will give you her heart. She multiplies and enlarges what is given to her. So, if you give her any crap, be ready to receive a ton of shit!
